

# Find the Flowers

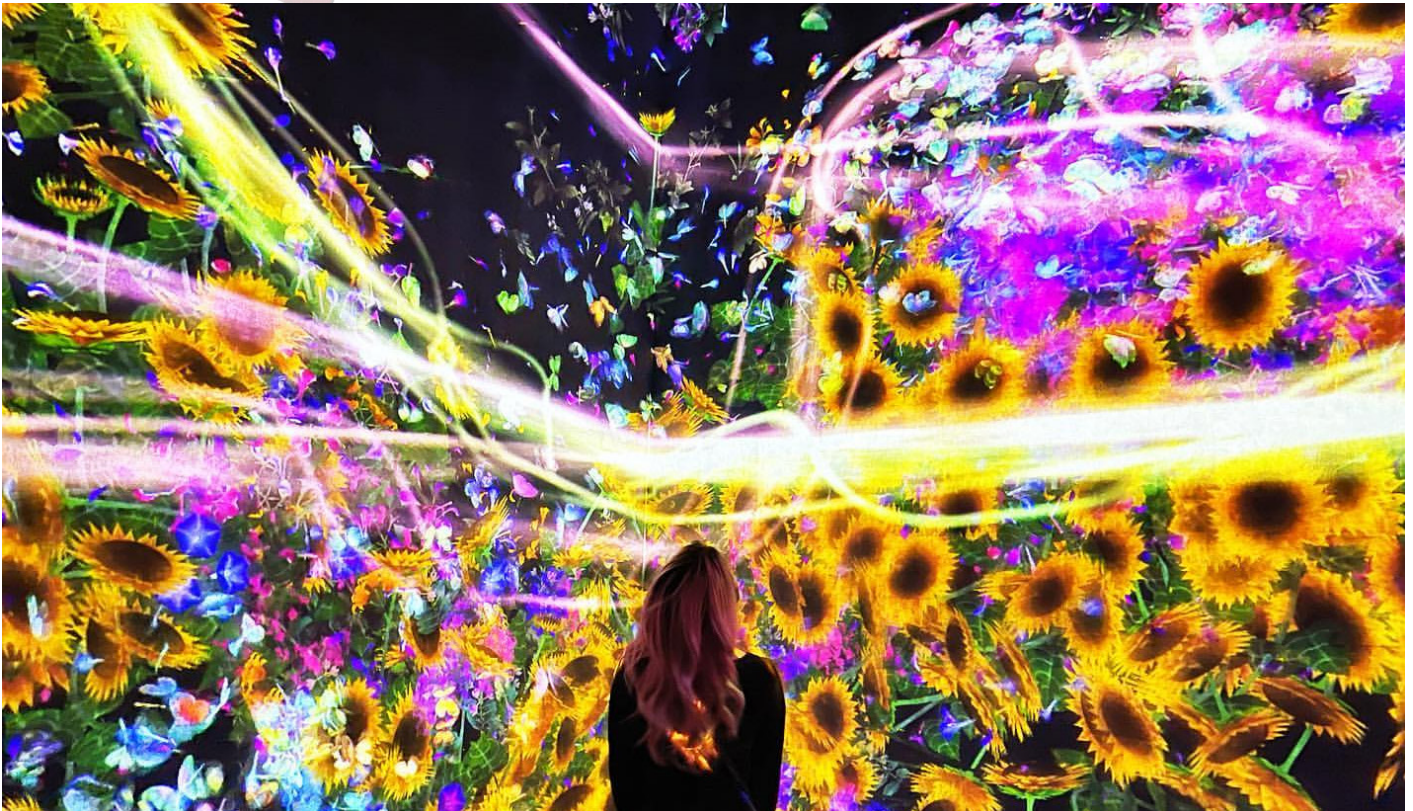

Image courtesy of @jennisms.

Did you love watching, smelling, and interacting with the flowers in **teamLab: Continuity**? Though those flowers are no longer blooming on the Pavilion walls, you can still find plenty of petals in our galleries.

One of the fun parts about looking at art is noticing special details. **Test your powers of observation** by going on a scavenger hunt inspired by the vibrant imagery in the exhibition *teamLab: Continuity*. Find the flowers in the collection galleries on the second and third floors. Be one of the first to bring your completed scavenger hunt to the information desk in Bowes Court in exchange for a prize!

**Share a picture of your favorite floral object on social media with the hashtag #MuseumDifferently. Follow and tag @asianartmuseum and your photo might be featured on our social media channels!**
